Yixiu Xiao

PhD Candidate in Mathematics, SJTU
Visiting Research Student, UNSW Sydney

Personal details

Address	School of Mathematics and Statistics, The University of New South Wales, Sydney, NSW 2052, Australia
Phone	(+61) 432 650 857
Email	yixiuxiao98@gmail.com
Languages	Chinese, English
ORCID	0009-0001-6909-0580

Education

Apr 2025–present **Visiting Research Student (Joint Training Program)**, *The University of New South Wales (UNSW Sydney)*, Sydney, Australia
Supervisor: Prof. Igor E. Shparlinski.

Sep 2021–present **Ph.D. Candidate, Mathematics**, *Shanghai Jiao Tong University*, Shanghai, China
Supervisor: Prof. Hongze Li.

Sep 2017–Jun 2021 **B.Sc. in Mathematics and Applied Mathematics**, *Northwest University*, Xi'an, China

Research Interests

Diophantine equations; Exponential sums; Character sum estimation; harmonic analysis and dynamical systems (related to number theory).

Publications

Published

Least Zero of a Cubic Form, with Hongze Li. *Frontiers of Mathematics*, 2025. DOI: 10.1007/s11464-024-0113-6.

Accepted / To appear

Least zero of pairs of additive cubic equations, with Hongze Li. Accepted to appear in *Forum Mathematicum*; proof stage.

Preprints (arXiv)

Shifted bilinear sums of Salié sums and the distribution of modular square roots of shifted primes, with Igor E. Shparlinski. *arXiv*: 2601.10113.

Scholarships

2024 China Scholarship Council (CSC), State Scholarship Fund (Visiting PhD Student to Australia), 24 months. Covers international airfare, living stipend, and health insurance.

Talks

Diophantine equations and cubic forms, Prime Pals / Number Theory Group Seminar (internal), UNSW Canberra, Canberra, 9 Sep 2025.

Least zero of pairs of additive cubic equations, AustMS Annual Meeting, La Trobe University, Melbourne, 10 Dec 2025.

Teaching

Mathematical Analysis, Teaching Assistant, Shanghai Jiao Tong University, Fall terms (2021–2023).

Elementary Number Theory (Summer Term), Teaching Assistant, Shanghai Jiao Tong University, 2022–2024.

MATH8000 Student Support (Student Supervision), UNSW Sydney, Term 3 2025–present.
